Cookie Policy

Last updated: 18/9/2026

Spectrum Engineering Australia Pty Ltd ("we", "our", or "us") operates the website spectrumeng.com.au (the "Website").

This Cookie Policy explains what cookies are, how we use them on our Website, and your choices regarding them. Our website is designed to operate with minimal data collection, and we use only strictly necessary cookies.

What are Cookies?

Cookies are small text files stored on your device (computer, tablet, or mobile) by a website when you visit it. They are widely used to make websites work efficiently, as well as to provide reporting information to website owners.

How We Use Cookies

Under the EU General Data Protection Regulation (GDPR) and other applicable privacy laws, cookies that are strictly necessary for the operation of a website do not require prior user consent.

Our website does not use tracking cookies, analytics cookies, advertising cookies, or third-party social media pixels. We use only a single session cookie generated natively by the Symfony framework to maintain technical functionality during your visit.

The Cookies That We Use

Cookie Name	Purpose	Lifespan	Provider	Type
PHPSESSID	This is a native PHP/Symfony application cookie used to establish a user session and to pass data via a temporary session identifier (often referred to as a session ID). It allows our website to remember technical choices you make or keep you authenticated if you log into a secure area.	Session (Deleted automatically when you close your browser)	spectrumeng.com.au	Strictly Necessary

Because the PHPSESSID cookie is essential for the technical functioning and core delivery of our website, it cannot be disabled via an on-site cookie banner.

Third Party Cookies

We do not use third-party analytics (such as Google Analytics), tracking tools, or external marketing cookies on **spectrumeng.com.au**.

How to Control or Delete Cookies

Even though we only use strictly necessary cookies, you can choose to control or delete cookies through your web browser settings at any time. If you choose to block the PHPSESSID cookie through your browser settings, please note that certain basic functional features of the Website may not work as expected.

Changes to this Cookie Policy

We may update this Cookie Policy from time to time to reflect changes in technology, legal requirements, or our internal practices. Any updates will be posted on this document with a revised "Last updated" date.

Cookie Policy Complaints and Enquiries

If you have any queries or complaints about our Cookie Policy please contact us at:
